Dear Parents,

Welcome back to school. It's nice to see the children back to school with full of energy. Though the vacation was quite long, I am amazed to hear the children were still able to express themselves in English.

On the first day of school, all the children shared their interesting stories about their summer vacation and it seemed that all of them had a great vacation.

This month, we will focus on four main areas of learning English. Reading, Writing, Listening and Speaking. In reading - the children will read short story books, simple sentences and words. Writing - the children will start writing simple sentences. In listening - each child will tell a story and ask questions afterwards to check how much the other children understood the story. In speaking - besides the common conversations in circle time every morning, the children will read a short story and have questions and answer time. I hope these activities will help the children to overcome shyness and improve their confidence in all aspects. We will also continue learning how to spell words, vocabulary, phonics, math and Science.(Food Pyramid)

I would like to say thank you in advance for your support and cooperation.

*Thank you,
Ms. Melanie*
